

Chapter 1

Results

This section outlines the results of the experiments performed that are outlined in section ???. Discussion and analysis of results will not form part of this chapter, but rather the raw data captured will be presented for all the important tests that took place.

1.1 Same Room Test

The results of the same room test can be seen below in figure 1.1.

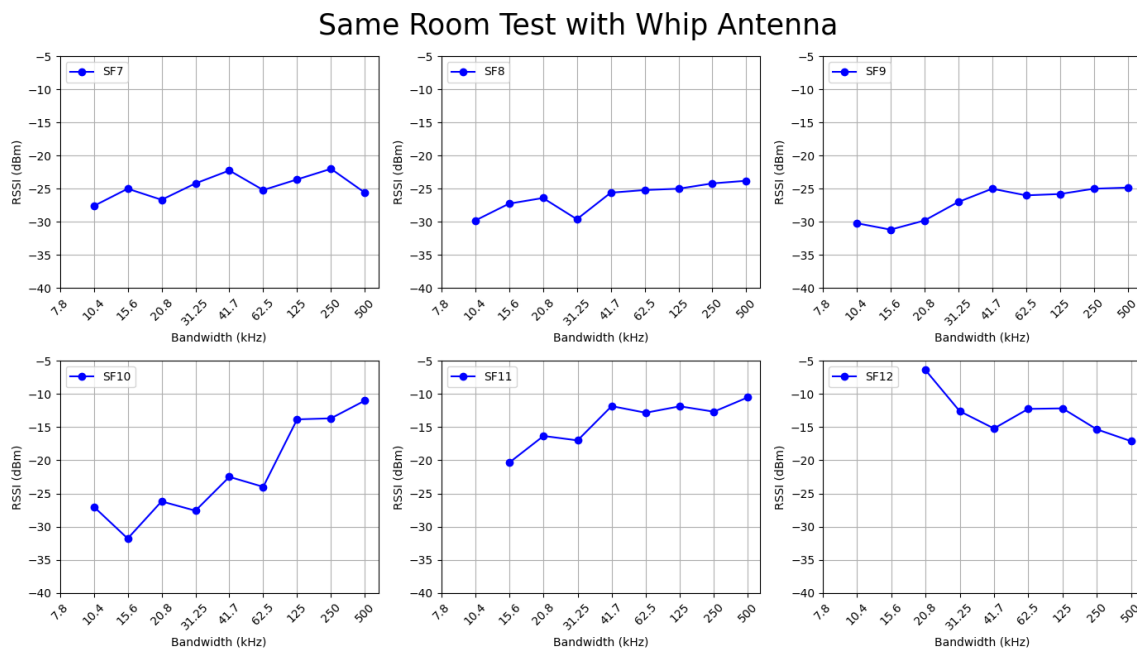

Figure 1.1: Same Room Test with Whip Antenna

1.2 100m Test

The results of the 100m test can be seen below in figure 1.2.

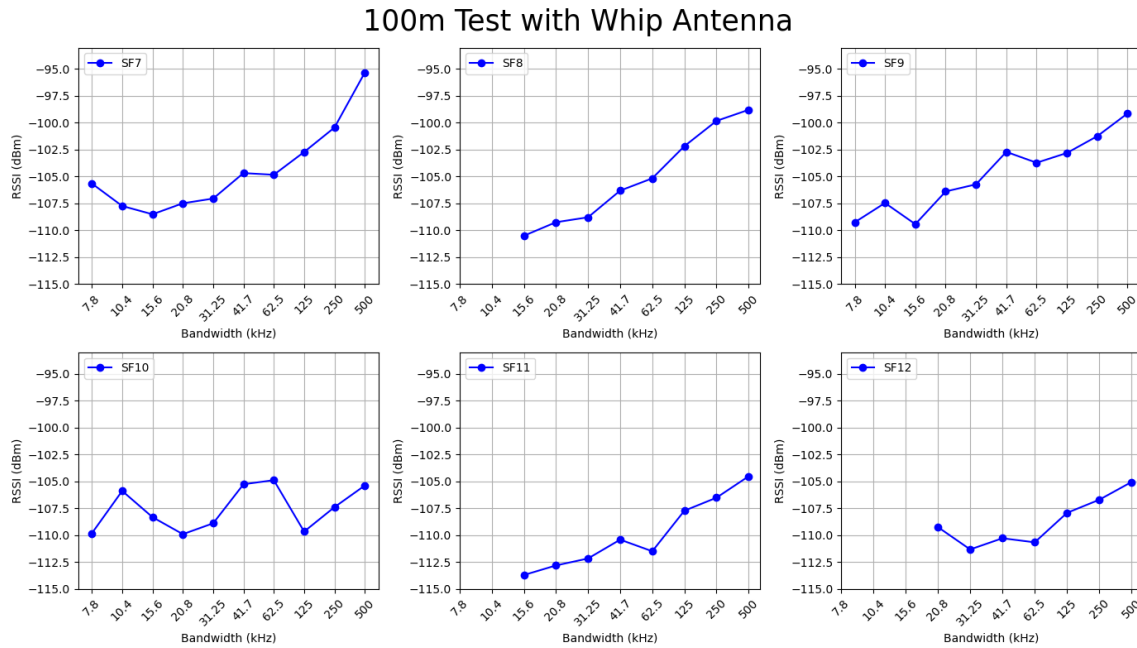

Figure 1.2: 100m Test with Whip Antenna

1.3 300m Test

The results of the 300m test can be seen below in figure 1.3.

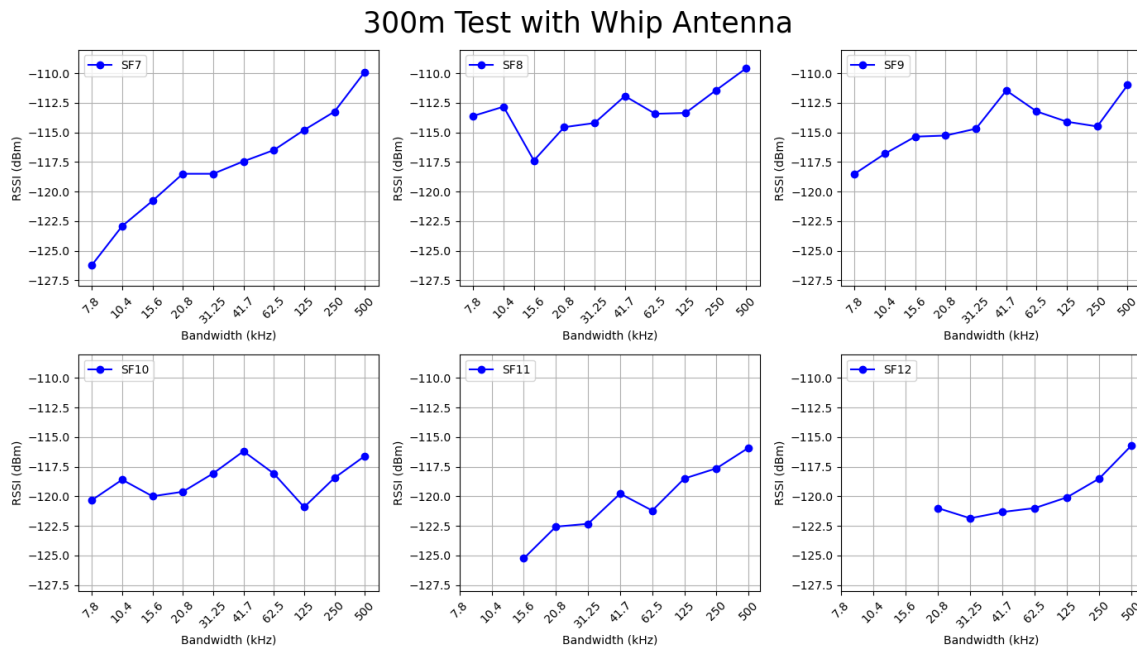

Figure 1.3: 300m Test with Whip Antenna

1.4 500m Test

The results of the 500m test can be seen below in figure 1.4.

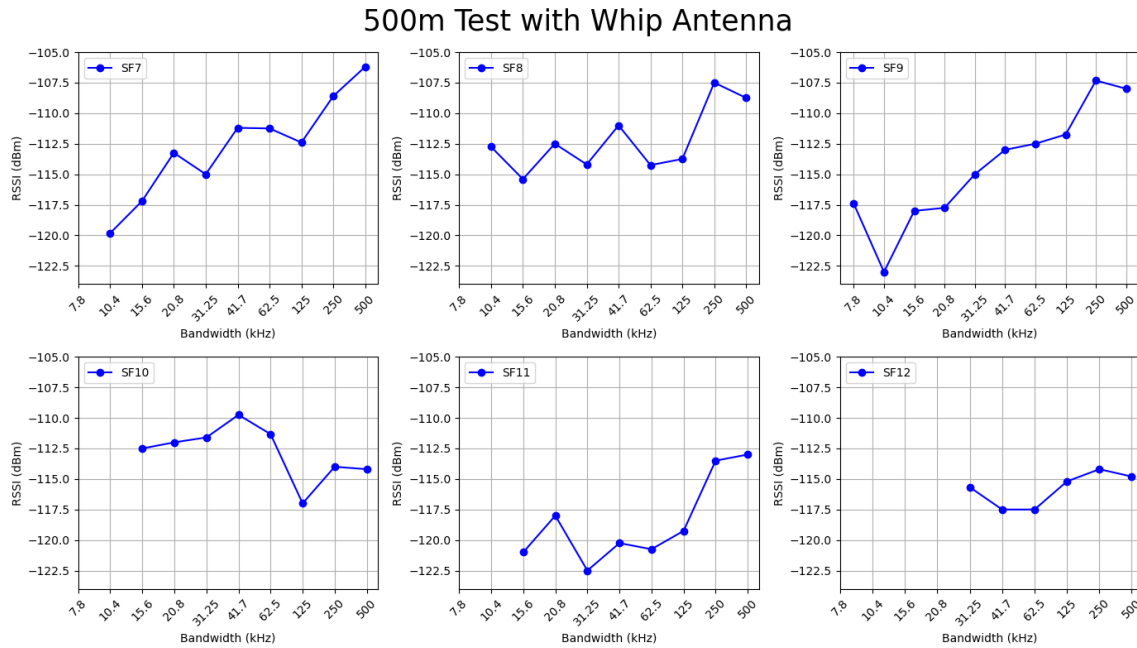

Figure 1.4: 500m Test with Whip Antenna

1.5 20km Test

The results of the 20km test can be seen below in figure 1.5.

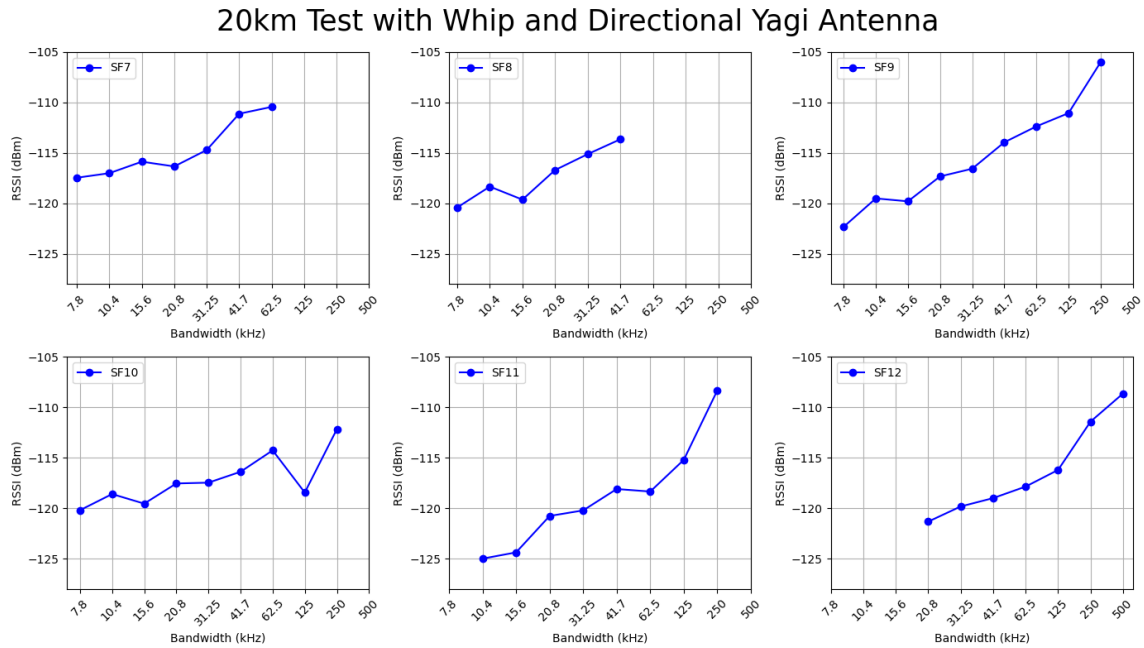

Figure 1.5: 20km Test with Whip and Yagi Antenna

1.6 Average RSSI Values with Distance

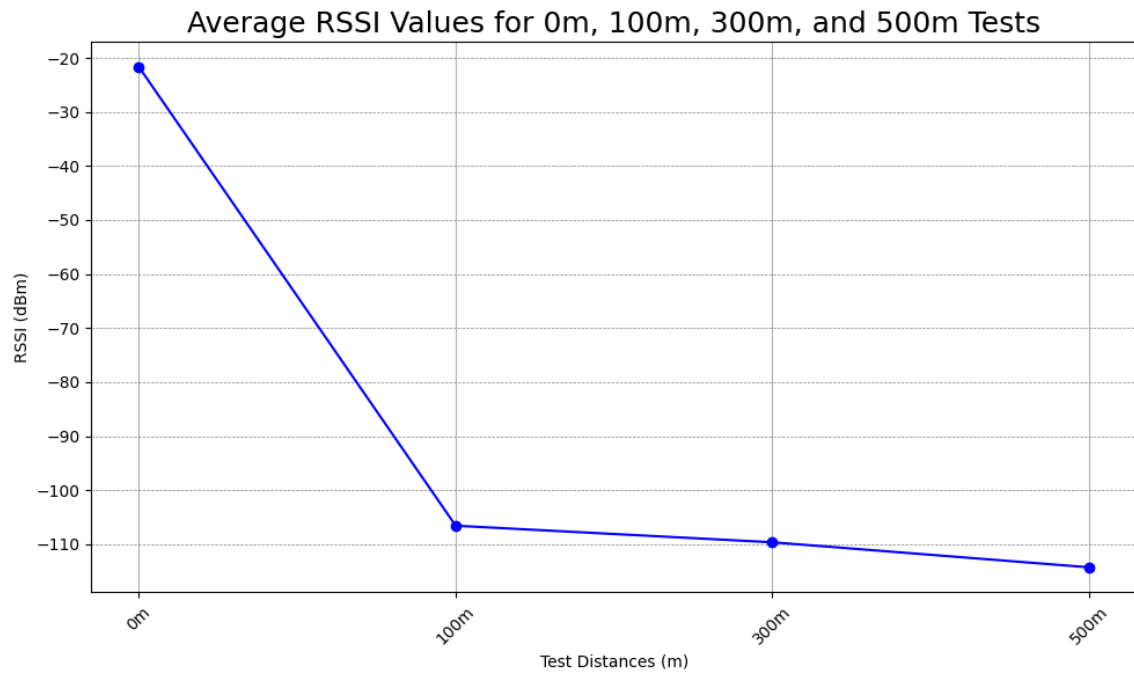

Figure 1.6: Average RSSI Value of Transmissions for Various Test Distances
